

December 21, 2022

The Orange County Intergroup of Overeaters Anonymous Inc. Service Board apologizes for the gaps in our financial records. Our treasurer and long-time financial record keeper has been unable to provide financial reports for several months, and is stepping down. A financial transition team is at work to set up a new transparent financial system. This will take some time. In the meantime, an unofficial look at all accounts has revealed nothing untoward, and we have about the prudent reserve we expect. We appreciate your patience and thank those fellows who are giving service to make this transition happen.
